LinkedIn: 'Anirudh Dhullipalla'

Skills

JavaScript (E6 and older), React, Redux, Ruby on Rails, C# and .Net, Java, Git, CSS/SASS, HTML, Agile software practices (like TDD), full stack web development, Haskell hobbyist

Creative Writing, Public Speaking, Theater Performance, Teaching (coding and poetry)

Software Experience

ThoughtWorks / Senior Software Developer

MARCH 2014 - PRESENT

ThoughtWorks is a Technology Consultancy that is a leader in Agile Development.

Anirudh has worked mostly as a full stack web developer on a variety of different engagements from greenfield projects to legacy systems, on teams sizes spanning from 2 to 70, in various domains including airlines, regulatory compliance, and NGOs, and often with unfamiliar technology.

SEPTEMBER 2018 - PRESENT, NEW YORK CITY, NY, USA

Tech Lead at a non-profit news agency. Leading the development of client's first mobile application built in React Native to target both Android and iPhone. Simultaneously maintaining and pushing minor features to existing Ruby on Rails web application.

SEPTEMBER 2017 - SEPTEMBER 2018, PUNE, INDIA

Worked on a large greenfield application for a financial data firm based in the UK. Provided technical influence on the React/Redux front end application. Advocated for functional programming techniques to solve problems for the full stack

Contributed to a lesser degree on the C#/.Net backend application using MongoDB and EventStore.

AUGUST 2016 - SEPTEMBER 2017, PUNE, INDIA

Lead Trainer at ThoughtWorks University, internal training program for all entry level hires globally. Facilitated multiple intensive project simulations intended to teach Agile Software development practices and Object Oriented Programming

Developed curriculum, mentored, lectured in classroom setting, engaged

in cultural activities.

APRIL 2016 - AUGUST 2016, HOUSTON, TX, USA

Worked in a co-sourced team to rollout a new fair across active airlines legacy systems while introducing Agile practices including continuous integration, automated UI testing suite (Selenium) as well as improving code quality and unit/integration test coverage mostly in C#/.Net, with some JavaScript, Chef, and Objective-C

MARCH 2016 - APRIL 2016, HAMILTON, NJ, USA

Coached client software team to identify, adopt and refine both technical and non- technical Agile practices that allowed team to improve code quality on legacy Java backend and Backbone JS frontend

APRIL 2015 - MARCH 2016, NEW YORK CITY, NY, USA

Managed multiple small application for various social justice non-profits. Provided technical guidance on finding solutions for low resourced teams

Focused on building technical skills, particularly in understanding different programming paradigms, and began learning Haskell

JUNE 2014 - APRIL 2015, CHICAGO, IL, USA

Rapidly Developed a pilot version of an application for an education startup in C#/.Net in a small resource constrained team with an emphasis on experience design while managing the sometimes conflicting demands of several stakeholders and massaging those requirements into a large pre-existing Database Model

United States Federal Reserve Board / Senior Research Assistant

SEPTEMBER 2011 - MAY 2013, WASHINGTON, DC, USA

Updated, maintained and transformed data series for use in crafting macroeconomic projections and analyzing trends using statistical software like Stata. Projections used for both journal papers as well for Federal Reserve functioning

Writer/Poet Experience

New York City

SEPTEMBER 2018 - PRESENT, NEW YORK CITY, NY, USA

Wrote article, "*A Formula for Happiness*", featured in Medium. Article shows ways to apply functional programming practices to everyday life

Frequently invited to perform at the famous Friday Night Slam at the historic Nuyorican Poet's Cafe

India

AUGUST 2016 - SEPTEMBER 2018, INDIAN SUBCONTINENT

Instructed and designed curriculum for poetry workshop for St. Anthony's College (Shillong), Twin City Poetry Club (Hyderabad), Bullock Cart Poetry (Pune).

Featured performances: First ever poetry act in Sofar Bombay, Sofar Pune, Sofar Bangalore, Airplane Poetry Movement (Pune and Bangalore), Wryte Literary Festival, Bullock Cart Poetry Cafe (Pune), Twin City Poetry Club (Hyderabad), Movement of Expression 2018 and 2017 (Shilling and Guwahati), the historic Rachna Books (Gangtok), Gitanjali Gallery (Goa), People Tree (Goa), Opening of *Garbage*, film by Q (Goa)

Perform as part of collective: Pune Literary festival, Lit-O-Fest (Mumbai), Dhaka Lit Fest (Dhaka, Bangladesh)

Washington, D.C.

AUGUST 2016 - SEPTEMBER 2018, WASHINGTON, DC, USA

Featured performances: Original Busboys and Poets cafe at 14th St, Bloombars, Spit Dat, Washington DC's longest running open mic

Education

Dev Bootcamp

JUNE 2011 - SEPTEMBER 2011, SAN FRANCISCO, CA, USA

Dev Bootcamp is an intense nine week course, which trains individuals in web development. The program teaches best practice in Ruby, Rails, Sinatra, JavaScript, Object Oriented Design, Version Control and Test Driven Development.

Emory University / Economics BA

AUG 2007 - JUNE 2011, ATLANTA, GA, USA

GPA 3.8
